SUBJECT: Alexandria CSO - VPDES Permit No VA0087068
Long Term Control Plan/
Post Construction Monitoring Plan

Dear Mr. Bell:

We have no further comments to add to your Long Term Control Plan. The submission of this plan meets the requirements of Part IB.2.c of the permit. Please note that parts IB.2.d and e must be completed.

Based on your previous public hearings, we do not anticipate changes to the proposed long term control strategy or the proposed monitoring. Therefore, we will anticipate and accept monitoring data for the upcoming spring and summer seasons so that you may submit the data with the permit application that is due by November 3, 1999.

Should you have any questions or concern please call me at 703-583-3851.

Sincerely,

CARLOS M. GARAY
Environmental Engineer Senior
